OBERLIN ADMISSIONS INTERVIEWER EXPECTATIONS:

The Oberlin Admissions Interviewer serves as a representative of the College by interacting with prospective students and their families. Interviews are not a required component of the application process but serve two purposes: 1) interviews provide prospective students the chance to ask questions about Oberlin's distinct community, and 2) interviews are partially evaluative and provide the interviewer with an opportunity to learn more about the prospective student’s fit with Oberlin. While a steady number of hours per week cannot be guaranteed, highest interview volume is typically September, October, November, early December, late February, and early March. Primary duties include:

- Greet prospective students and their families
- Conduct prospective student interviews in a professional manner
- Answer questions and/or provide campus resource information to prospective students and their families
- Maintain confidentiality

Interested candidates should enjoy working with people from all backgrounds, be comfortable speaking with small groups, and possess a wide variety of knowledge of Oberlin academics and social life. Fourth-year and fifth-year candidates preferred; students with prior Admissions experience preferred.

PAY RATE: TBD

The Office of Admissions is an Equal Opportunity Employer. In accordance with College hiring policies for students, preferences will be given to candidates eligible for Financial Aid Job Awards.
