Each year the Gender, Sexuality and Feminist Studies Institute asks its graduating majors to complete an "Outcome Assessment Questionnaire." Our aim is to get feedback from you as to how well you think the major is meeting its curricular goals. We realize and appreciate that much of your learning takes place outside of the formal curriculum. This survey, however, focuses on coursework taken to fulfill the GSFS major. Please take time and care to complete the questionnaire. This survey may not preserve your anonymity, but the information will be kept confidential. As you answer the questions please do NOT refer to specific professors.

Please select ONE ANSWER on the scale below to the following statements about your GSFS major. The survey also includes questions that expect narrative responses.

This survey will take about 15 minutes to complete.
