What’s the Worst that Could Happen? 
The Politics and Policy of Crisis Management 
November 12-15, 2014

WHAT IS SCUSA?
The Student Conference on US Affairs is an annual four day conference hosted at The United States Military Academy at West Point. Students from over 100 colleges and universities worldwide attend SCUSA. The conference will generate debate between student delegates and cadets to formulate policy recommendations that realistically model American strategic responses to significant national and global challenges. Cadets and delegates will consider the current direction and velocity of demographic trends across regions and topics, and then determine how US policy might manage these trends into the future to best advance US interests.

FUNDING: Oberlin College provides transportation from Cleveland to New York, and the Academy provides transportation to the conference, lodging and meals. You will need to get yourself to the Cleveland airport. Oberlin's representative will be selected by a sub-committee of the Politics Department.
