Dear Parents,

Thank you for continuing to support Oberlin College and Conservatory. As students have returned from their winter term projects, they have been met with a return of winter weather. But the warmth and energy they bring back to campus is unmistakable in the library, on the sidewalks between classes, in the Science Center, and the Conservatory practice spaces. In every way imaginable, our students shape this campus and truly make this place their home away from home for a very important stage of their lives.

And you help make all of this possible through your generosity, your participation as parents, and your continued association with Oberlin over the years. Once again, thank you for all that you do.
