Special Plan Provisions

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or as an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the toll-free number shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Additional Programs

We may, from time to time, offer or arrange for various entities to offer discounts, benefits, or other consideration to our members for the purpose of promoting the general health and well being of our members. We may also arrange for the reimbursement of all or a portion of the cost of services provided by other parties to the Policyholder. Contact us for details regarding any such arrangements.
Care Management and Care Coordination Services

Your plan may enter into specific collaborative arrangements with health care professionals committed to improving quality care, patient satisfaction and affordability. Through these collaborative arrangements, health care professionals commit to proactively providing participants with certain care management and care coordination services to facilitate achievement of these goals. Reimbursement is provided at 100% for these services when rendered by designated health care professionals in these collaborative arrangements.

Important Notices

Important Information

Rebates and Other Payments

Cigna or its affiliates may receive rebates or other remuneration from pharmaceutical manufacturers in connection with certain Medical Pharmaceuticals covered under your plan and Prescription Drug Products included on the Prescription Drug List. These rebates or remuneration are not obtained on you or your Employer’s or plan’s behalf or for your benefit. Cigna, its affiliates and the plan are not obligated to pass these rebates on to you, or apply them to your plan’s Deductible if any or take them into account in determining your Copayments and/or Coinsurance. Cigna and its affiliates or designees, conduct business with various pharmaceutical manufacturers separate and apart from this plan’s Medical Pharmaceutical and Prescription Drug Product benefits. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this plan. Cigna and its affiliates are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, Cigna or its designee may send mailings to you or your Dependents or to your Physician that communicate a variety of messages, including information about Medical Pharmaceuticals and Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you or your Dependents, at your discretion, to purchase the described Medical Pharmaceutical and Prescription Drug Product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Cigna its affiliates and the plan are not responsible in any way for any decision you make in connection with any coupon, incentive, or other offer you may receive from a pharmaceutical manufacturer or Physician.

If Cigna determines that a Pharmacy, pharmaceutical manufacturer or other third party is or has waived, reduced, or forgiven any portion of the charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Prescription Drug Product without Cigna’s express consent, then Cigna in its sole discretion shall have the right to deny the payment of plan benefits in connection with the Prescription Drug Product, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the Pharmacy, pharmaceutical manufacturer or other third party represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by the plan. For example, if you use a coupon provided by a pharmaceutical manufacturer or other third party that discounts the cost of a Prescription Drug Product, Cigna may, in its sole discretion, reduce the benefits provided under the plan in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts to which the value of the coupon has been applied by the Pharmacy or other third party, and/or exclude from accumulation toward any plan Deductible or Out-of-Pocket Maximum the value of any coupon applied to any Copayment, Deductible and/or Coinsurance you are required to pay.

Claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

CLAIM REMINDERS

- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

Timely Filing of Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of service. If claims are not submitted within 180 days, the claim will not be considered valid and will be denied.

WARNING: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

Eligibility - Effective Date

Employee Insurance

This plan is offered to you as retired Employee.

Eligibility for Employee Insurance

You will become eligible for insurance on the date you retire if:

- you are in a Class of Eligible Employees; and
- you are an Employee who ceased to be a regular status Employee of Oberlin College and who is at least 62 years of age with at least 10 years of service (Regular Retiree); or
- you were a regular status Employee who was eligible and chose to retire prior to age 62 (RAMP Retiree) of Oberlin College and insured on the Oberlin College plan at the time of retirement.

Retired Employees

Regular Retirees – All regular retirees will be moved to the Open Access Plus “A” Health Plan The Retiree and Dependents will be billed for this health coverage at the current rate for Retirees. The rate may change at any time. At age 65, the retiree and dependent must be enrolled for both Medicare Part A & B and pay the required Medicare premium. A copy of the Medicare card must be given to the Department of Human Resources to verify your Medicare Coverage. The Retiree and Dependent must also enroll in the current Retiree Health Plan. Once retired, the Retiree may not add
Dependents. If you decline health insurance coverage at the time of retirement, you will forfeit your right to enroll in Oberlin College health insurance coverage in the future.

**RAMP Retirees:** An employee who chooses to retire prior to age 62 can continue to be covered by the Oberlin College Health Plan under the Open Access Plus “A” Health Plan. This benefit is available to those persons who retire between the ages of 52 and 61 and have at least 10 years of full service. The percentage of health insurance for those who retire under RAMP will continue until the age of 65 at which time Medicare becomes the primary insurer and Oberlin College provides secondary coverage. The rate is based on a percentage of the cost to the college. Once the percentage is set at retirement the percentage will not change even after age 65, although the dollar amount may vary.

**Eligibility for Dependent Insurance**

You will become eligible for Dependent insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

Employees with eligible dependents are required to document eligibility. Proof that an individual is a qualified dependent (marriage or birth certificate, guardianship orders, as applicable) is required at the time of initial enrollment and may be required periodically thereafter. Failure to provide proof of dependent eligibility within 30 days of a request for such proof may result in termination of health plan coverage.

- **Spouse** – Photocopy of marriage certificate, and the top portion of the first page of the Employee’s most recent Federal Tax Return that shows the dependent listed as “Spouse”. **NOTE:** All financial information and Social Security Numbers may be redacted.
- **Same-Sex Domestic Partner** – Signed affidavit of domestic partnership and supporting documentation as required by the affidavit.
- **Natural or adopted child** – Photocopy of birth certificate or legal adoption agreement showing Employee as parent.
- **Step-child** – Photocopy of birth certificate or adoption agreement showing the name of Employee’s spouse/domestic partner as parent.
- **Foster child** – Photocopy of legal agreement/document/guardianship order showing Employee’s legal commitment.

**NOTE:**

- Ex-spouses will not be eligible, even with a court order.
- Same-Sex Domestic partner and their children are eligible for benefits, but the value of benefits provided to these individuals will be added to the Employee’s taxable income.

**Classes of Eligible Employees**

Each retired Employee as reported to the insurance company by your former Employer.

**Effective Date of Employee Insurance**

You will become insured on the date you elect the insurance by signing a written agreement with the Policyholder to make the required contribution, but no earlier than the day you become eligible. To be insured for these benefits, you must elect the insurance for yourself no later than 30 days after your retirement.

**Dependent Insurance**

For your Dependents to be insured, you will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

**Effective Date of Dependent Insurance**

Insurance for your Dependents will become effective on the date you elect it by signing a written agreement with the Policyholder to make the required contribution, but no earlier than the day you become eligible for Dependent Insurance. All of your Dependents as defined will be included.

For your Dependents to be insured for these benefits, you must elect the Dependent insurance for yourself no later than 30 days after you become eligible.

Your Dependents will be insured only if you are insured.

**Exception for Newborns**

Any Dependent child born while you are insured will become insured on the date of his birth if you elect Dependent Insurance no later than 31 days after his birth. If you do not elect to insure your newborn child within such 31 days, no benefits for expenses incurred will be payable for that child.

**Death of Employee While Still Active**

The Spouse or Same-Sex Partner of an active employee will be offered an extension of coverage that mirror COBRA coverage if the employee dies while actively working. The only exception is as follows and must meet all requirements:

- Employee and spouse or partner were eligible and enrolled in the Oberlin Health Plan; and
- Employee had worked for Oberlin College for at least ten (10) year; and
- Employee had reached the retirement age of at least 62; and
- Surviving spouse or partner does not have health coverage from their employer.
# Comprehensive Medical Benefits

## The Schedule

### For You and Your Dependents

To receive Comprehensive Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Deductible and Coinsurance.

### Coinsurance

The term Coinsurance means the percentage of charges for Covered Expenses that an insured person is required to pay under the plan.

### Deductibles

Deductibles are expenses to be paid by you or your Dependent. Deductible amounts are separate from and are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.

### Out-of-Pocket Expenses

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan. The following Expenses contribute to the Out-of-Pocket Maximum, and when the Out-of-Pocket Maximum shown in The Schedule is reached, they are payable by the benefit plan at 100%:

- Coinsurance.
- Plan Deductible.

The following Out-of-Pocket Expenses and charges do not contribute to the Out-of-Pocket Maximum, and they are not payable by the benefit plan at 100% when the Out-of-Pocket Maximum shown in The Schedule is reached:

- Non-compliance penalties.
- Any benefit deductibles.
- Provider charges in excess of the Maximum Reimbursable Charge.

### Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

### Assistant Surgeon and Co-Surgeon Charges

#### Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

#### Co-Surgeon

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

Comprehensive Medical Benefits

Certification Requirements
For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient, except for 48/96 hour maternity stays;
- for a Partial Hospitalization for the treatment of Mental Health or Substance Use Disorder;
- for Mental Health or Substance Use Disorder Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 48 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will be reduced by 50% for Hospital charges made for each separate admission to the Hospital unless PAC is received: prior to the date of admission; or in the case of an emergency admission, within 48 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which Cigna has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Covered Expenses

The term Covered Expenses means the expenses incurred by or on behalf of a person for the charges listed below if they are incurred after he becomes insured for these benefits. Expenses incurred for such charges are considered Covered Expenses to the extent that the services or supplies provided are recommended by a Physician, and are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by Cigna. Any applicable Copayments, Deductibles or limits are shown in The Schedule.

Covered Expenses

- charges made by a Hospital, on its own behalf, for Bed and Board and other Necessary Services and Supplies; except that for any day of Hospital Confinement, Covered Expenses will not include that portion of charges for Bed and Board which is more than the Bed and Board Limit shown in The Schedule.
- charges for licensed ambulance service to or from the nearest Hospital where the needed medical care and treatment can be provided.
- charges made by a Hospital, on its own behalf, for medical care and treatment received as an outpatient.
- charges made on its own behalf, by an Other Health Care Facility, including a Skilled Nursing Facility, a Rehabilitation Hospital or a subacute facility for medical care and treatment; except that for any day of Other Health Care Facility confinement, Covered Expenses will not include that portion of charges which are in excess of the Other Health Care Facility Daily Limit shown in The Schedule.
- charges made for Emergency Services and Urgent Care.
- charges made by a Physician or a Psychologist for professional services.
- charges made by a Nurse, other than a member of your family or your Dependent’s family, for professional nursing service.
• charges made for an annual prostate-specific antigen test (PSA).
• charges made for surgical services, radiation therapy and other diagnostic and therapeutic radiological procedures.
• charges made for Family Planning, including medical history, physical exam, related laboratory tests, medical supervision in accordance with generally accepted medical practices, other medical services and vasectomies.
• charges made for the following preventive care services (detailed information is available at www.healthcare.gov.):
  1. evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force;
  2. immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the Covered Person involved;
  3. for infants, children, and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration;
  4. for women, such additional preventive care and screenings not described in paragraph (1) as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.
• charges made for surgical or nonsurgical treatment of Temporomandibular Joint Dysfunction.

Clinical Trials
This benefit plan covers routine patient care costs related to a qualified clinical trial for an individual who meets the following requirements:
(a) is eligible to participate in an approved clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening disease or condition; and
(b) either
  • the referring health care professional is a participating health care provider and has concluded that the individual’s participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a); or
  • the individual provides medical and scientific information establishing that the individual’s participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a).

For purposes of clinical trials, the term “life-threatening disease or condition” means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

The clinical trial must meet the following requirements:
The study or investigation must:
• be approved or funded by any of the agencies or entities authorized by federal law to conduct clinical trials;
• be conducted under an investigational new drug application reviewed by the Food and Drug Administration; or
• involve a drug trial that is exempt from having such an investigational new drug application.

Routine patient care costs are costs associated with the provision of health care items and services including drugs, items, devices and services otherwise covered by this benefit plan for an individual who is not enrolled in a clinical trial and, in addition:
• services required solely for the provision of the investigational drug, item, device or service;
• services required for the clinically appropriate monitoring of the investigational drug, device, item or service;
• services provided for the prevention of complications arising from the provision of the investigational drug, device, item or service; and
• reasonable and necessary care arising from the provision of the investigational drug, device, item or service, including the diagnosis or treatment of complications.

Routine patient care costs do not include:
• the investigational drug, item, device, or service, itself; or
• items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.

If your plan includes In-Network providers, Clinical trials conducted by non-participating providers will be covered at the In-Network benefit level if:
• there are not In-Network providers participating in the clinical trial that are willing to accept the individual as a patient, or
• the clinical trial is conducted outside the individual’s state of residence.

Nutritional Evaluation
Charges made for nutritional evaluation and counseling when diet is a part of the medical management of a documented organic disease.
Internal Prosthetic/Medical Appliances
Charges made for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for nonfunctional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

Orthognathic Surgery
- orthognathic surgery to repair or correct a severe facial deformity or disfigurement that orthodontics alone cannot correct, provided:
  - the deformity or disfigurement is accompanied by a documented clinically significant functional impairment, and there is a reasonable expectation that the procedure will result in meaningful functional improvement; or
  - the orthognathic surgery is Medically Necessary as a result of tumor, trauma, disease; or
  - the orthognathic surgery is performed prior to age 19 and is required as a result of severe congenital facial deformity or congenital condition.
Repeat or subsequent orthognathic surgeries for the same condition are covered only when the previous orthognathic surgery met the above requirements, and there is a high probability of significant additional improvement as determined by the utilization review Physician.

Home Health Services
- charges made for Home Health Services when you: require skilled care; are unable to obtain the required care as an ambulatory outpatient; and do not require confinement in a Hospital or Other Health Care Facility.
Home Health Services are provided only if Cigna has determined that the home is a medically appropriate setting. If you are a minor or an adult who is dependent upon others for nonskilled care and/or custodial services (e.g., bathing, eating, toileting), Home Health Services will be provided for you only during times when there is a family member or care giver present in the home to meet your nonskilled care and/or custodial services needs.
Home Health Services are those skilled health care services that can be provided during visits by Other Health Care Professionals. The services of a home health aide are covered when rendered in direct support of skilled health care services provided by Other Health Care Professionals. A visit is defined as a period of 2 hours or less. Home Health Services are subject to a maximum of 16 hours in total per day. Necessary consumable medical supplies and home infusion therapy administered or used by Other Health Care Professionals in providing Home Health Services are covered. Home Health Services do not include services by a person who is a member of your family or your Dependent’s family or who normally resides in your house or your Dependent’s house even if that person is an Other Health Care Professional. Skilled nursing services or private duty nursing services provided in the home are subject to the Home Health Services benefit terms, conditions and benefit limitations. Physical, occupational, and other Short-Term Rehabilitative Therapy services provided in the home are not subject to the Home Health Services benefit limitations in the Schedule, but are subject to the benefit limitations described under Short-term Rehabilitative Therapy Maximum shown in The Schedule.

The following charges for Hospice Care Services are not included as Covered Expenses:

- for the services of a person who is a member of your family or your Dependent’s family or who normally resides in your house or your Dependent’s house;

Medical Pharmaceuticals

The plan covers charges made for Medical Pharmaceuticals that are administered in an Inpatient setting, Outpatient setting, Physician’s office, or in a covered person’s home.

Benefits under this section are provided only for Medical Pharmaceuticals which, due to their characteristics (as determined by Cigna), are required to be administered, or the administration of which must be directly supervised, by a qualified Physician. Benefits payable under this section
include Medical Pharmaceuticals whose administration may initially, or typically, require Physician oversight but may be self-administered under certain conditions specified in the product’s FDA labeling.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to step therapy requirements. This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

The Cigna Business Decision Team determines whether utilization management requirements or other coverage conditions should apply to a Medical Pharmaceutical by considering a number of factors, including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee’s evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether utilization management requirements should apply. Economic factors may include, but are not limited to, the Medical Pharmaceutical’s cost including, but not limited to, assessments on the cost effectiveness of the Medical Pharmaceuticals and available rebates. When considering a Medical Pharmaceutical for a coverage status, the Business Decision Team reviews clinical and economic factors regarding enrollees as a general population across its book-of-business. Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

Prescription Drug Benefits
For You and Your Dependents

Covered Expenses
Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan’s Covered Expenses, Limitations and Exclusions are provided below and are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, Cigna will provide coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan’s Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed Dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered by Cigna as if filled by a Network Pharmacy. Your payment will be based on the Usual and Customary Charge submitted by the non-Network Pharmacy.

Prescription Drug List Management
The Prescription Drug List (or formulary) offered under your Employer’s plan is managed by the Cigna Business Decision Team. Your plan’s Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. The Business Decision Team makes the final assignment of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and decides whether utilization management requirements or other coverage conditions should apply to a Prescription Drug Product by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee’s evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product’s acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. When considering a Prescription Drug Product for tier placement on the Prescription Drug List or other coverage conditions, the Business Decision Team reviews clinical and economic factors regarding enrollees as a general population across its book-of-business. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy(ies) for coverage, or try another covered Prescription Drug Product(s). Please access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

Limitations
Prior Authorization Requirements
Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the Prescription Drug Product is Medically Necessary in accordance with Cigna’s coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug
Product. Cigna, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan’s terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee’s clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

New Prescription Drug Products

The Business Decision Team may or may not place a New Prescription Drug Product on the Prescription Drug List tier upon its market entry. The Business Decision Team will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. The Business Decision Team’s tier placement decision shall be based on consideration of, without limitation, the P&T Committee’s clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim, the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

Your Payments

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

After satisfying the plan Deductible, if any, your responsibility for a covered Prescription Drug Product will always be the lowest of:

- the Copayment or Coinsurance for the Prescription Drug Product; or
• the Prescription Drug Charge for the Prescription Drug Product; or
• the Pharmacy’s Usual and Customary (U&C) charge for the Prescription Drug Product.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for your or your Dependent’s convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product. Any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded and Cigna or its Review Organization approves as Medically Necessary shall be covered at the applicable coverage tier as set forth in The Schedule.

The amount you or your Dependent pays for any excluded Prescription Drug Product or other product or service will not be included in calculating any applicable plan Out-of-Pocket Maximum. You are responsible for paying 100% of the cost (the amount the Pharmacy charges you) for any excluded Prescription Drug Product or other product, and any negotiated Prescription Drug Charge will not be available to you.

Exclusions
Coverage exclusions listed under the “Exclusions, Expenses Not Covered and General Limitations” section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an in-network benefits level or some other benefits level not otherwise applicable to the services received. Coordination of Benefits
This section applies if you or any one of your Dependents is
covered under more than one Plan and determines how
benefits payable from all such Plans will be coordinated. You
should file all claims with each Plan.

Coverage under this Plan plus another Plan will not
guarantee 100% reimbursement.

Definitions
For the purposes of this section, the following terms have the
meanings set forth below:

Plan
Any of the following that provides benefits or services for
medical care or treatment:
• Group insurance and/or group-type coverage, whether
insured or self-insured which neither can be purchased by
the general public nor is individually underwritten including
closed panel coverage.
• Coverage under Medicare and other governmental benefits
as permitted by law, excepting Medicaid and Medicare
supplement policies.
• Medical benefits coverage of group, group-type, and
individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate
benefits will be considered a separate Plan.

Closed Panel Plan
A Plan that provides medical or dental benefits primarily in
the form of services through a panel of employed or
contracted providers, and which limits or excludes benefits
provided by providers outside of the panel, except in the case
of emergency or if referred by a provider within the panel.

Primary Plan
The Plan that determines and provides or pays benefits
without taking into consideration the existence of any other
Plan.

Secondary Plan
A Plan that determines, and may reduce its benefits after
taking into consideration, the benefits provided or paid by the
Primary Plan. A Secondary Plan may also recover from the
Primary Plan the Reasonable Cash Value of any services it
provided to you.

Reasonable Cash Value
An amount which a duly licensed provider of health care
services usually charges patients and which is within the range
of fees usually charged for the same service if rendered under
similar or comparable circumstances by other health care
providers located within the immediate geographic area where
the health care service was delivered.

Order of Benefit Determination Rules
A Plan that does not have a coordination of benefits rule
consistent with this section shall always be the Primary Plan.
If the Plan does have a coordination of benefits rule consistent
with this section, the first of the following rules that applies to
the situation is the one to use:
• The Plan that covers a person as an enrollee or an employee
shall be the Primary Plan and the Plan that covers that
person as a Dependent shall be the Secondary Plan;
• For a Dependent child whose parents are not divorced or
legally separated, the Primary Plan shall be the Plan which
covers the parent whose birthday falls first in the calendar
year;
• For the Dependent of divorced or separated parents, benefits
for the Dependent shall be determined in the following
order:
  • first, if a court decree states that one parent is responsible
for the child's healthcare expenses or health coverage and the
Plan for that parent has actual knowledge of the terms
of the order, but only from the time of actual knowledge;
  • then, the Plan of the parent with custody of the child;
  • then, the Plan of the spouse of the parent with custody of
the child;
  • then, the Plan of the noncustodial parent of the child, and
  • finally, the Plan of the spouse of the parent not having
custody of the child.
• The Plan that covers you as an active employee (or as that
employee's Dependent) shall be the Primary Plan and the
Plan that covers you as laid-off or retired employee (or as
that employee's Dependent) shall be the secondary Plan. If
the other Plan does not have a similar provision and, as a
result, the Plans cannot agree on the order of benefit
determination, this paragraph shall not apply.
• The Plan that covers you under a right of continuation
which is provided by federal or state law shall be the
Secondary Plan and the Plan that covers you as an active
employee or retiree (or as that employee's Dependent) shall
be the Primary Plan. If the other Plan does not have a
similar provision and, as a result, the Plans cannot agree on
the order of benefit determination, this paragraph shall not
apply.
Medicare Eligibles
Cigna will pay as the Secondary Plan as permitted by the Social Security Act of 1965 as amended for the following:

(a) a former Employee who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;

(b) a former Employee's Dependent, or a former Dependent Spouse, who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;

(c) a retired Employee or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months;

Cigna will assume the amount payable under:

• Part A of Medicare for a person who is eligible for that Part without premium payment, but has not applied, to be the amount he would receive if he had applied.

• Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.

• Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any former Employee and his Dependent unless he is listed under (a) through (c) above.

Domestic Partners
Under federal law, the Medicare Secondary Payer Rules do not apply to Domestic Partners covered under a group health plan when Medicare coverage is due to age. Therefore, when Medicare coverage is due to age, Medicare is always the Primary Plan for a person covered as a Domestic Partner, and Cigna is the Secondary Plan. However, when Medicare coverage is due to disability, the Medicare Secondary Payer rules explained above will apply.

Expenses For Which A Third Party May Be Responsible
This plan does not cover:

• Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,"
for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.

- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers’ compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault or similar coverage.

**Subrogation/Right of Reimbursement**

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan’s subrogation rights.

- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

**Lien of the Plan**

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;

- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;

- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

**Additional Terms**

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan’s right to recover shall apply to decedents’, minors’, and incompetent or disabled persons’ settlements or recoveries.

- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.

- The plan’s right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called “Made-Whole Doctrine”, “Rimes Doctrine”, or any other such doctrine purporting to defeat the plan’s recovery rights by allocating the proceeds exclusively to non-medical expense damages.

- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan’s rights hereunder, specifically; no court costs, attorneys’ fees or other representatives’ fees may be deducted from the plan’s recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called “Fund Doctrine”, “Common Fund Doctrine”, or “Attorney’s Fund Doctrine”.

- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.

- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan’s subrogation or recovery rights are neither affected nor diminished by equitable defenses.

- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney’s fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.

- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be
necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.

- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a provider. When you authorize the payment of your healthcare benefits to a provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider’s responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Services directly to a provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology,
- the methodologies as reported by generally recognized professionals or publications.

Termination of Insurance

Employees

Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is canceled.

Any continuation of insurance must be based on a plan which precludes individual selection.
Retirement
If your Active Service ends because you retire, your insurance will be continued until the date on which your Employer cancels the insurance.

Dependents
Your insurance for all of your Dependents will cease on the earliest date below:
• the date your insurance ceases.
• the date you cease to be eligible for Dependent Insurance.
• the last day for which you have made any required contribution for the insurance.
• the date Dependent Insurance is canceled.
The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

Qualified Medical Child Support Order (QMCSO)
Eligibility for Coverage Under a QMCSO
If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.
You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined
A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:
• the order recognizes or creates a child’s right to receive group health benefits for which a participant or beneficiary is eligible;
• the order specifies your name and last known address, and the child’s name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child’s mailing address;
• the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
• the order states the period to which it applies; and
• if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.
The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.
Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child’s custodial parent or legal guardian, shall be made to the child, the child’s custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.

- **Loss of eligibility for State Medicaid or Children’s Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.

- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan’s network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.

- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: due to failure of the employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan’s service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an employer’s limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children’s Health Insurance Program**
(CHIP). If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

Eligibility for Coverage for Adopted Children

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child’s adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the “Exception for Newborns” section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the “Newborns’ and Mothers’ Health Protection Act”: restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Please review this Plan for further details on the specific coverage available to you and your Dependents.

Women’s Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

Claim Determination Procedures under ERISA

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for
obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider’s network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider’s network participation documents as applicable, and in the determination notices.

Preservice Determinations
When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna’s control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna’s reviewer, in consultation with the treating health care professional, will decide if an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination at least 24 hours prior to the expiration of the determination period.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative fails to follow Cigna’s procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations
When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations
When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna’s control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination
Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: the specific reason or reasons for the adverse determination; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan’s review procedures and the time limits applicable, including a statement of a claimant’s rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity,
experimental treatment or other similar exclusion or limit; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Appointment of Authorized Representative
You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

Medical - When You Have a Complaint or an Appeal
For the purposes of this section, any reference to "you" or "your" also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Customer Service
We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, or contractual benefits, you may call the toll-free number on your ID card, explanation of benefits, or claim form and explain your concern to one of our Customer Service representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Internal Appeals Procedure
To initiate an appeal, you must submit a request for an appeal in writing to Cigna within 180 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask Cigna to register your appeal by telephone. Call or write us at the toll-free number on your ID card, explanation of benefits, or claim form.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

We will respond in writing with a decision within 30 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination or a postservice Medical Necessity determination. We will respond within 60 calendar days after we receive an appeal for any other postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your health care provider would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay.

When an appeal is expedited, Cigna will respond orally with a decision within 72 hours, followed up in writing.

External Review Procedure
If you are not fully satisfied with the decision of Cigna's internal appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization (IRO). The IRO is composed of persons who are not employed by Cigna, or any of its affiliates. A decision to request an external review to an IRO will not affect the claimant's rights to any other benefits under the plan.
Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: the specific reason or reasons for the adverse determination; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined below; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a), if applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against Cigna until you have completed the appeal processes. However, no action will be brought at all unless brought within three years after proof of claim is required under the Plan.

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, your Dependents must be given the opportunity to continue health insurance when there is a “qualifying event” that would result in loss of coverage under the Plan. Your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan’s coverage area or the plan is no longer available. Your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a “qualified beneficiary” (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: , your spouse and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners,
grandchildren (unless adopted by you), stepchildren (unless adopted by you).

**Medicare Extension for Your Dependents**

If you retire and you became enrolled in Medicare (Part A, Part B or both) within the 18 months retirement, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare.

**Termination of COBRA Continuation**

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer’s policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

**Employer’s Notification Requirements**

Your former Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse’s) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

**How to Elect COBRA Continuation Coverage**

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You or your Dependents must notify the Plan Administrator of the election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If proper notification is not made by the due date shown on the notice, your Dependents will lose the right to elect COBRA continuation coverage. If COBRA continuation coverage is rejected before the due date, your Dependents may change their mind as long as they furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries.

**How Much Does COBRA Continuation Coverage Cost?**

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% of the applicable family premium.

**When and How to Pay COBRA Premiums**

**First payment for COBRA continuation**

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first
payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

**Subsequent payments**

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

**Grace periods for subsequent payments**

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

**You Must Give Notice of Certain Qualifying Events**

If your Dependent(s) experience one of the following qualifying events, you or your Dependents must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, etc.).

**Newly Acquired Dependents**

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage.

**COBRA Continuation for Retirees Following Employer’s Bankruptcy**

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

**Interaction With Other Continuation Benefits**

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

**Plan Type**
The plan is a healthcare benefit plan.

**Collective Bargaining Agreements**
You may contact the Plan Administrator to determine whether the Plan is maintained pursuant to one or more collective bargaining agreements and if a particular Employer is a sponsor. A copy is available for examination from the Plan Administrator upon written request.

**Discretionary Authority**
The Plan Administrator delegates to Cigna the discretionary authority to interpret and apply plan terms and to make factual determinations in connection with its review of claims under the plan. Such discretionary authority is intended to include, but not limited to, the determination of the eligibility of persons desiring to enroll in or claim benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Plan Administrator also delegates to Cigna the discretionary authority to perform a full and fair review, as required by ERISA, of each claim denial which has been appealed by the claimant or his duly authorized representative.

**Plan Modification, Amendment and Termination**
The Employer as Plan Sponsor reserves the right to, at any time, change or terminate benefits under the Plan, to change or terminate the eligibility of classes of employees to be covered by the Plan, to amend or eliminate any other plan term or condition, and to terminate the whole plan or any part of it. Contact the Employer for the procedure by which benefits may be changed or terminated, by which the eligibility of classes of employees may be changed or terminated, or by which part or all of the Plan may be terminated. No consent of any participant is required to terminate, modify, amend or change the Plan.

Termination of the Plan together with termination of the insurance policy(s) which funds the Plan benefits will have no adverse effect on any benefits to be paid under the policy(s) for any covered medical expenses incurred prior to the date that policy(s) terminates. Likewise, any extension of benefits under the policy(s) due to you or your Dependent's total disability which began prior to and has continued beyond the date the policy(s) terminates will not be affected by the Plan termination. Rights to purchase limited amounts of life and medical insurance to replace part of the benefits lost because the policy(s) terminated may arise under the terms of the policy(s). A subsequent Plan termination will not affect the extension of benefits and rights under the policy(s).

Your coverage under the Plan’s insurance policy(s) will end on the earliest of the following dates:

- the date you leave Active Service (or later as explained in the Termination Section;)
- the date you are no longer in an eligible class;
- if the Plan is contributory, the date you cease to contribute;
- the date the policy(s) terminates.

See your Plan Administrator to determine if any extension of benefits or rights are available to you or your Dependents under this policy(s). No extension of benefits or rights will be available solely because the Plan terminates.

**Statement of Rights**
As a participant in the plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

**Receive Information About Your Plan and Benefits**
- examine, without charge, at the Plan Administrator’s office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure room of the Employee Benefits Security Administration.
- obtain, upon written request to the Plan Administrator, copies of documents governing the Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- receive a summary of the Plan’s annual financial report. The Plan Administrator is required by law to furnish each person under the Plan with a copy of this summary financial report.

**Continue Group Health Plan Coverage**
- continue health care coverage for yourself, your spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review the documents governing the Plan on the rules governing your federal continuation coverage rights.

**Prudent Actions by Plan Fiduciaries**
In addition to creating rights for plan participants, ERISA imposes duties upon the people responsible for the operation of the employee benefit plan. The people who operate your plan, called “fiduciaries” of the Plan, have a duty to do so
prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your
union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for a welfare benefit is denied or ignored you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Enforce Your Rights
Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of documents governing the plan or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court.

In addition, if you disagree with the plan’s decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example if it finds your claim is frivolous.

Assistance with Your Questions
If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
